# What To Wear

T O Y O U R P H O T O S E S S I O N

---

## WHAT SHOULD YOU WEAR TO YOUR PHOTO SESSION?

I always advise my clients to dress up a little more than normal for your session. Choose clothing that you feel comfortable in. Smart jeans and a lovely top always looks great on everyone.

## COLOUR CHOICE

A mix of complimentary neutral colours always works best. Think blues, greys, whites, pale pinks or pale greens. Please avoid bright bold neon colours or bright red/ orange.

## PATTERN & TEXTURE

Some subtle texture in clothing can be nice. Like a small bit of lace or something similar. Please avoid large bold patterns as this distracts from faces and over takes the images. Block colour choices for clothes works best.

## CLOTHING TIP

Lay out your families clothes on the bed before the session. Stand back to see if all items look complimentary together. If one item of clothing stands out too much or clashes replace it with another item.
